BIKEABILITY (Prep School)

Dear Parents

Walsall Council's Road Safety Team are coming to school on the 9th and 12th June to deliver the National Standard cycle training course, Bikeability, to the pupils of year 6.

The course will take place over two full school days. The first day will start with a session on school grounds to assess the pupil's capabilities and suitability to progress with the course and continue with training on the highway utilising junctions in the locality of the school.

Should your child wish to take part on the Bikeability course we would be grateful if you could complete the attached slip below and return it to school by **12th January** Due to the numbers allowed on the course at any one time places will be allocated on a first come first served basis. If there are a significant number of pupils who are unsuccessful securing a place on the course we shall look to hold another course at a later date.

If your child is successful in securing a place on this course, they will need to ensure that they bring a bike in a road worthy condition with both a front and rear working brake. They will also need appropriate clothing including suitable footwear. If the weather is wet, please ensure that your child has a waterproof jacket and in warm weather that they have a drink which they can transport themselves out on to the highway. ***Pupils will be required to bring their own bike and cycle helmet.***

Once your child has secured a place on the course we will send out a further consent form which must be completed in order that your child participates on the course.
