

HYDESVILLE
TOWER SCHOOL

WEEKLY

News in brief...

Headmaster's commendations:

Burhaan (Y3) - for and excellent attitude and positive behaviour

William (Y4) - for settling well at his new school and having an excellent attitude to his work

Aiden (Y5) - for his very helpful attitude and getting on so well with his work

Max (Y6) – for returning to school with a very sensible attitude

A note from the Headmaster

We've celebrated It's been a very busy week and there's no sign of things letting up next week either!

Tomorrow many of your children will be supporting the School at our Open Morning as we showcase their many talents and achievements. Talking of which, I hope that as many as possible will be able to join us for the Modern Languages Showcase on Monday at 6pm and the Prep School Catwalk Show on Thursday at 4.30pm.

This week saw the first Headmaster's lunch of the academic year and it was as lovely as ever to hear first-hand from the children about their successes since the start of term. So many more wonderful accomplishments and lunchtime guests to look forward to over the coming months!

As I have mentioned before, the School had applied to join the Independent Schools' Association and I am proud to announce, following the final auditing visit, that our membership will be confirmed next week. This promises us so many opportunities to join forces with and compete against other schools in sport, music, art, drama and so much more.

And finally, I would just like to thank the vast majority of our parents for exercising patience and good humour, as we get to grips with the new routines required as a result of so many more children participating in extra-curricular activities after school – not least utilising our fabulous new sports facilities.

Nursery Star of the Week

Congratulations to Jaya Sangha who has been awarded this week's Nursery Star award for her general good behaviour, good listening and being excellent when helping around Nursery.

Senior School Pupil of the Week:

Shreeya – Year 9

(awarded for having a strong work ethic).

Sports Person of the Week:

Arjun – Year 5 (awarded for recording the best time in cross country practice).

Performer of the Week:

Rory – Year 8 (awarded for being an excellent role model in class and for outstanding homework).

Supporting Jeans for Genes

Our Senior pupils left their school uniforms at home today and came to school in denim to show their support for the national Jeans for Genes Day.

As well as donating money to wear denim, the children held a bake sale and also took part in a sponsored football match. The money raised will be donated to the national charity which supports the thousands of children in the UK living with a genetic disorder.

Updates on transport options

Can we please draw attention to the letters we have sent out this week regarding on-site vehicle access where we have clarified the situation regarding permissions to enter the site before and after school. Copies of the letters are available on our website.

We have also been informed that Rowley Street will be closed to all vehicles on Monday and Tuesday of next week (26th and 27th September).

In addition, for those families using the Arboretum extension park & ride service: the Arboretum car park will close for 10 weeks from week commencing 26th September. We will use the car park at the junction of The Crescent and Sutton Road until further notice.

Check out our website for more details on alternative parking and transfer options: <https://www.hydesville.com/school-life/transport/>

Senior pupils turn crime busters

Miss Eynon's classroom is being turned into a CSI lab on Friday afternoons, as Senior School pupils try their hand at being forensic scientists. The hands-on lessons form part of the Senior School extra-curricular programme, with pupils investigating the background of science pertaining to a court of law as well as gathering and analysing evidence such as fingerprints, footprints and blood splatter!

Forensic club has been running for nine years. Find out more about the extra-curricular programme on our website: www.hydesville.com/school-life/extra-curricular/
