

Dear Parents/Carers

6<sup>th</sup> October 2016

### **Year 1 Physical Education Lessons**

This year in Physical Education lessons, we will be focusing on developing the children's range of movement, coordination and team working skills. Our Physical Education lessons will be taking place on the schools new astro turf. This facility will enable us to teach a wide variety of individual and team activities. Already in this short amount of time we have observed the children making progress and enjoying the lessons.

In order to continue this progress and enjoyment we need to make sure all pupils can participate safely. To do this we need to make sure that all pupils remove jewellery. We understand that some children may not be able to remove religious bangles. In this case please can you provide a sweat band to cover the bangle. On the days of Physical Education, please remove your child's earrings and leave them at home. If your child has recently had their ears pierced please can you provide plasters to put over them in the lessons.

Due to all Physical Education lessons been held on the school astro turf we recommend that you purchase a Hydesville Tower tracksuit before winter. These are available from the school located in Walsall town centre.

If you have any questions please do not hesitate to get in touch with me.

Yours sincerely

Mr. M Lawrence  
Director of Sport
