

Dear Parents,

6th February 2017

'The Big Bang Fair'

Wednesday 15th March 2017

As part of our flourishing enrichment programme Year 7 and 8 pupils have the opportunity to attend the Big Bang Young Scientists and Engineers Fair. This fair gives pupils the opportunity to get close up and hands on with Science, Technology, Engineering and Maths. From meeting some of the country's leading scientists and engineers, to seeing explosive theatre shows, The Big Bang is not just a great day out, but a lot more besides. The Big Bang Fair will take pupils on a journey to discover the best they can be. Showing them the latest in digital design, food technology, travel and transport, space exploration and more, the floor show is designed to help them understand where their subjects can take them.

The trip departs by coach on **Wednesday 15th March at 9.10am** and returns at 3.30pm.

A packed lunch will be provided and full school uniform is required for this day. The cost of the trip will be **£9.50** and all Year 7 and 8 are expected to attend this event.

Please complete the reply slip below with cash or a cheque made payable to Hydesville Tower School and return it to me, by **Friday 17th February 2017**.

Yours sincerely,

Miss Fairbrother

Enrichment Co-ordinator
