## Safety First

### Safety Management System

We assess each component of a ski tour individually, which includes going beyond assessing the adventure factor to ensure risks can be managed effectively. In doing so, we look at how we can enhance the original experience whilst remaining as safe as possible. Covering policy, organisation, planning and setting standards, monitoring, audits, and reviews, our SMS is fully compliant with the requirements of the STF. This is reinforced by our annual assessment carried out by an STF appointed independent authority. To support our own SMS we also carry out internal regular reviews of our health and safety procedures. [Click here to read our Safety Management System.](#)

### Financial Security

Party Leaders can rest assured all of our tours are fully bonded by ABTA and ATOL, protecting your group against unforeseen events. We have public liability insurance up to £10,000,000 and are a member of the Federation of Tour Operators (FTO). ### About Me

I have worked in school sales for the past 3 years and having started skiing when I was 7 and developing a passion for it, the chance to join the ski industry was too good to turn down. I have spent a number of weeks in our club hotels, as well as a number of weeks in both France, Italy and north America overseeing Skibound groups, and have therefore seen first hand just how enjoyable our trips are.
