Rewards

- We focus on rewarding students who make progress towards their goals or achieve excellence, rewarding those with 100% and improved attendance, collecting merits and issuing certificates, as well as sending good news letters home. Throughout the year, we constantly strive to find opportunities to celebrate successes and share those publicly in assemblies and also through our newsletter and social media accounts.
- Regular rewards events take place throughout the year, such as pizza parties for form groups achieving the highest attendance, cinema afternoons for our best role models and an annual theme park trip for those committing to the most MERITS throughout the year. The end of each term culminates in our prestigious "Prize giving Assemblies" during which every individual is recognised for their achievements throughout the year.
