1. Policy Statement

We are committed to open and effective communication with parents/carers and sharing important information about the operation of the school and matters relating to their child or young person's education, welfare, safety and wellbeing.

The aim of this policy is to promote clear and open communication by explaining:

- How the school communicates with parents/carers to keep them informed about their child's progress and overall well-being in school.
- How parents/carers can contact the school and teachers so they can get an informed response as quickly as possible.
- Setting out clear and supportive expectations for communication between parents/carers and the school and what to do if additional support is required for effective communication.
- This policy applies to all communications, including in-person meetings, telephone calls, visits to the school, and online environments.
- This policy will be made available to all parents/carers via the school website and on request

Please note that in this policy the terms:

- **Parents\carers** refer to the person/s with parental responsibility for the pupil/student.
- **"Our teams" and "team member/s"** include everyone working with children in our school and Outcomes First Group's services in a paid or unpaid capacity, including employees, consultants, agency staff, and contractors.

1.1 Policy Framework

This policy has been developed in line with the following legislation and guidance:

Children Act 1989 and Children Act 2004

Education Act 2002

The Education (Independent School Standards) Regulations 2014

Independent school standards guidance

The School Information (England) Regulations 2008

Keeping children safe in education

Working together to safeguard children

And the following policies:

- School Safeguarding Policy
- Complaints Policy
- Mobile and Smart Technology Policy
- Behaviour Policy
- Data Protection Policy
- Information Security Policy
- Code of Conduct & Ethics (for team members)

The school publishes policies and key information on the school website <https://www.hydesville.com/school-policies/> and/or can be provided by the school office on request (Please see Section 6.0 for school contact details).

2. How We Communicate With Parents And Carers

2.1 Methods of Communication

We use a variety of methods to ensure effective communication with parents and carers, including:

- **Telephone Calls** - for urgent communications and to discuss specific concerns or issues regarding a child.
- **Email** - for non-urgent queries, updates, and information sharing. The iSams Email Wizard or Parent Portal must be used for all email communication with parents.
- **Text Messages** - sent only from a central school admin system for important reminders and announcements.
- **Meetings** - scheduled to discuss student progress, address concerns, and foster collaborative relationships between parents/carers and team members. These may be in-person or online. In-person meetings at the school site must be pre-arranged by appointment only and the school site security and safeguarding procedures must be adhered to at all times when at the site.

- **School Based and/or Classroom-Based Apps** - used to share updates, homework assignments, and direct communication between parents/carers and school/teachers, including Satchel One.
- **School Calendar** - available on Blenheim Connect and regularly updated with important dates and events.
- **School Website** - key information about the school is posted on our website, including:
 - School times and term dates
 - Important events and announcements
 - Curriculum information
 - Important policies and procedures
 - Important contact information
 - Information about before and after-school provision
 - Parents should check the website before contacting the school.

The main methods of communication is through Blenheim Connect.

2.2 Roles and Responsibilities

The Headteacher or Equivalent will:

- Ensure that communications with parents/carers are effective, timely, and appropriate.
- Monitor the implementation of this policy.
- Respond to questions and concerns escalated by parents within 24 hours during the school week.
- Seek to keep parents/carers informed regularly of any ongoing issues in a proactive and open way.
- Seek support for themselves and their teams to ensure that parents/carers are communicated with respectfully.
- Endeavour to recognise and understand the parent/carer perspective in any communication.

All Team Members are committed to maintaining a professional and supportive dialogue with parents and carers. The following expectations are set for team members:

- **Timeliness:** Respond to parents' communications promptly, aiming to reply within one working day during core school hours (8:00 AM – 4:00 PM), during the school week.
- **Respect:** Treat all parents/carers with respect and consideration, regardless of the nature of the concern or query. Endeavour to recognise and understand the parent/carer perspective in any communication. Seek support where appropriate to ensure their own communication to parents/carers is positive and respectful.
- **Clarity:** Provide clear, concise, and jargon-free information to ensure parents fully understand the communication.

- **Professionalism:** Use appropriate language and tone and ensure that all communications adhere to the school's ICT and internet acceptable use policy. Team members must not use their personal phone or devices to contact parents.
- **Confidentiality:** Maintain the privacy and confidentiality of all communications, in line with the school's Data Protection Policy.
- **Supportive:** Offer assistance and guidance, directing parents to additional resources or support services when necessary.
- **Collaboration:** Work with other team members to ensure parents receive timely and accurate information.
- **Escalation:** Escalate concerns expressed by a parent/carer to the appropriate school leader to enable proactive support. For example, tutor to Assistant Head, Assistant Head to Headteacher; safeguarding concerns straight to DSL and Headteacher or equivalent.

3. What We Ask Of Parents/Carers

We ask that parents/carers:

- Raise any issues or concerns they have directly with the school in the first instance, rather than use social media platforms. This ensures that concerns can be addressed promptly and appropriately.
- Communicate with the school respectfully and provide all relevant information.
- Respond to communications from the school (such as requests for meetings) in a timely manner.
- Check for communications sent from the school.
- Follow the school's complaint procedure (available on the school website).
- Understand that team members may be unable to respond to their communication outside of core school hours (8:00 AM – 4:00 PM), or during school holidays.

4. Expectations For Respectful Communication

We are committed to providing a supportive environment where concerns can be addressed constructively. Respectful dialogue is essential for conflict resolution. We reserve the right not to respond to communications that are aggressive or disrespectful. If threatening behaviour is displayed towards team members, in-person or online, we may need to contact the police and may also have to consider banning the offending adult from entering the school premises in future.

If parents/carers find it challenging to communicate respectfully due to the nature of their concerns, we encourage them to seek support. This support can include utilising school support services. Parents and carers can request to reach out to the Deputy Heads of School or Pastoral teams for assistance. This support will enable the framing of one another's challenges constructively and supportively. The ultimate goal is always to foster a collaborative and respectful partnership between parents/carers and the school, ensuring the best outcomes for our children and young people.

5. Parents With Additional Communication Needs

We aim to make communications accessible to all. We have taken the following steps to achieve this:

- All communications are written as clearly and concisely as possible.
- Accessibility is considered when designing/updating the school website, such as providing alt text for images (a brief description of the image) and using text colours that show up clearly against the background colour. Team members will endeavour to provide information in an accessible format (e.g. through support with their clinical team members, such as Speech and Language Therapists).
- Team members will endeavour to provide information in an accessible format (e.g. through support with their clinical team members, such as Speech and Language Therapists).

Parents who need help communicating with the school can request reasonable adjustments, such as:

- School announcements and communications in accessible formats.
- Translations of important documents and communications for those who speak languages other than English.
- Use of technology to support effective communication.

Please contact the school office to discuss these needs.
