POLYMER CLAY

Make a statement with your jewellery by designing your own!

Course Overview

Craft and design jewellery which reflect your opinions, experiences and interests with polymer clay.

You will be taught all steps needed to produce your own unique pieces. Those talented enough there may be opportunities for you to run your own workshops to younger pupils.

Teacher: Miss Hamilton

Ready to think beyond fabric and thread?

Course overview

This is your chance to push boundaries—combine materials, test unusual techniques, and turn bold ideas into unique textile art. From mixed media and recycled materials to fabric manipulation and surface design, there are no rules—just imagination.

Teacher: Mrs Shaw

Year 9-11 ONLY

Course overview:

Ever wondered why people never enter the first toilet cubicle by the door, or why people say you've 'flipped your lid'?

In Sociology and Psychology enrichment, we will explore the mysteries of the mind and the world around us by challenging our own perspectives and ideas.

Teacher: Miss Fletcher

Spark your creativity....Play Chess

Course Overview

Playing chess helps unleash your originality, since it activates the right side of the brain, the side responsible for creativity.

Teacher: Mr Roderick
